posted on South Asian Legal History Resources: <https://salh.law.wisc.edu/article-listings-for-colonial-south-asian-law-journals/>]

This list includes articles from the following volumes of the *Travancore Law Journal*:

- Vol. 1 (1911)- Vol. 34 (1944)

A Note on Coverage and Format:

Many colonial law journals published not only articles, but also law reports (i.e. judicial decisions) and short pieces like case notes, book reviews, and summaries of recent legislation. We have included articles only. However, article-length pieces on cases, statutes, and books have been included. Many of these journals also changed format every few years. As a result, there are occasionally no articles in a particular volume, or no articles *of a particular type* that had previously appeared in the journal. Finally, words and numbers that were unclear in the original Tables of Contents appear in square brackets.
